# Penthouse in the Clouds

The latest luxury residential project designed by Dariel Studio is located in Shanghai Shimao Riviera Garden. The prestigious location and surroundings attract elites from all over the world.

设计师反复地提到：“空间的设计不仅仅带来视觉享受，更要为使用者提供便利，令其乐享其中。”

As one of Shanghai's foremost interior designers, Thomas Dariel is no stranger to welcoming challenges, and has transformed an imposing penthouse space into an artsy and sophisticated home. The structure, materials and colours have all been carefully selected to ensure they work harmoniously together. Dariel shares similar European life experiences and a love for art and fashion with his clients, which enabled him to connect deeply with their wants for this penthouse. Taking into consideration the client's personalities and preferences, Thomas draws inspiration from Art Deco and has created a unique, sensual experience by playing with opulent colours and materials.

Dariel divided the penthouse into three floors: the first floor specifically for the functionalities of family life, the second floor to accommodate social gatherings, and the third to accommodate the owner's privacy. Upon entering the penthouse, guests will be captivated by the white diamond-cut shaped staircase, creating a strong visual focal impact with its contrasting geometric black and white marble pattern. In doing so, the designer positioned the staircase at the centre of the apartment. The staircase carefully divides different functional spaces and connects all floors. It is the core of the space structure as well as the heart of the design.

On the first floor, the blue colour applied to the reading room walls creates a relaxing environment that supports calmness and mindfulness, while the

other wall painted with clouds provides the feeling of a fantasy world and invites one to escape and dream.

During the design process, Dariel mentions that when designing the interior, it's more than just trying to choose what looks visually appealing to the eye. Designers have to consider the owner's ease of use and happiness in that space. The beautiful pink wall is the most striking feature in the yoga room. The gold detailing provides a touch of refinement. The client desired a feeling of exquisiteness and elegance in this room, so all the luxurious design elements were carefully selected to ensure they were happy with the result. The open family space connects the yoga and reading room. Unlike the traditional formal living room, Dariel has designed a space to make people feel relaxed and at ease. Customised rugs, delicately chosen furniture and storage space have all been arranged to serve and achieve that purpose. Additionally, on the first floor resides the guest room. The geometric pattern and design transitions from the guest bedroom to bathroom.

As the main entrance, the second floor has been designed for the client's social gatherings. The two-story ceiling generates immense overhead space and creates a modern feel, while allowing natural light into the space. The stunning Bund view can be seen through the panoptic windows, without any difficulty.

这次 Thomas Dariel 又重新执笔，赋予了顶复非凡的气质，完全为业主量身打造，贴近其自身的生活情趣及视野格局。欧洲生活、时尚领域、艺术追求，Thomas Dariel 在项目初期与业主的攀谈中屡屡获得共鸣，通过设计语言，将这些原本抽象又极富意境的共鸣逐一呈现于空间之中。而 Art Deco 正是对此的完美诠释，Thomas Dariel 希望通过这一设计风格来演绎属于年轻人的现代及优雅，从细节及材质上营造不同的感官体验，巧妙地将业主的喜好融入其中，却又不失格调。

考虑到业主的生活需要，Thomas Dariel 将顶复划分为三层：偏重家庭生活的第一层，用于社交生活的第二层以及仅属于业主私密空间的第三层。一入公寓便令人惊叹，映入眼帘的是如同钻石切面般的优雅白色旋梯，与地面黑白大理石的几何图案交相辉映，给予前来宾客第一眼的视觉震撼的同时，被设于中心位置的楼梯又起到分割不同空间区域和连接楼层的功能。

第一层的家庭空间里，考虑到两位业主的生活需要，配置了可供男主人阅读及办公的静谧书房。空间中大量蓝色的运用，既渲染出高雅的氛围，又希望通过颜色使得业主更加沉静，便于思考；而极富童趣的云朵墙面，率性自由，供使用者能短暂地逃离现实，畅游梦想。

设计的过程中，设计师反复地提到：“空间的设计不仅仅带

In the living room, Dariel plays with unstructured shapes, asymmetric lines and a specially designed a droplight. Floating at the centre of the living room, it immediately attracts one's attention and adds a touch of Art Deco elegance into the space. Other Deco details reflect the owner's distinct taste: the fireplace shaped in customised carved patterns, which represents a love for Chinese cultural elements. Through the high revolving door next to the living room lies a welcoming cigar and wine tasting room. The soft leather covered wall adds warmth to the area, meanwhile strong and bold colours are selected to bring energy and diversity to the space. On the other side of the stairs is the dining room. The walnut dining table matches perfectly with the flooring, the delicate textures and patterns are also specially designed.

The swimming pool is one of the highlights of the design space. Equipped with cutting edge technology, it creates a feeling of extravagance, while the carefully selected light colours complement the water perfectly. The abstract geometric pattern combined with the Chinese style wall lamps creates an impressive visual effect. Positioned on the third floor is the owner's private space, where deep blue injects gracefulness and elegance into the master bedroom. The fireplace revisits the pattern cut design located in the living room, and the hidden TV cabinet appears after opening the pattern cut shaped door, which provides an element of mystery and a fun.

The texture of the metal lines on the wall and the bespoke handles in the master bathroom demonstrate Dariel's expertise in details, as witnessed by the copper lines embedded in the white marble and the customised vanity mirrors hanging on the Italian handmade tiles. Taking into consideration owners' spatial needs, Dariel has created two separate dressing rooms. The male dressing room incorporates deep and strong masculine colours, while the other dressing room evokes softness and elegance for its female user. The customised furniture and effective storage space in each reflects the personalities of its users. ▣

来视觉享受，更要为使用者提供便利，令其乐享其中。”为女主人专设的瑜伽空间，纯粹静雅的色调中，不时点缀着淡淡的粉色。金色的开关、把手等在细节上突显了业主对于精致生活的考究。连接这两个空间的便是开放式的家庭空间。比起正式的客厅，更是多了一份温馨和甜蜜。考虑到业主将来的生活习惯，也于此配备了足够的收纳空间。在家具的选择上，Thomas Dariel挑选了更柔软舒适的款式。因为他相信，在这里家人之间少了那一份拘束，在整个设计氛围中更应当烘托这种亲和力才是。同样坐落于第一层的还有为亲属配置的房间。墙面的几何图案延伸到浴室又幻化成不一样的语言，展现了空间的个性化。

作为主入口，第二层则极大地满足了业主未来的会客需要。双层挑高的客厅空间，凸显出建筑结构和现代感，偌大的落地窗让浦江风景尽收眼底，也最大程度吸收了光线。

顶上的吊灯被设计为巨型金属烛台造型。不受拘束的结构、自由大胆的线条，宛若艺术品一般悬浮在空中，体现出装饰艺术的高雅。客厅，应当彰显的是主人非凡的品位。Thomas从业主的喜好入手，从服装的剪裁中汲取了对壁炉的设计灵感。而另一侧墙面的定制雕花又迎合了男主人对中式元素的偏爱，为这一原本极具艺术气息的空间融入了鲜明的个人色彩。在客厅的一旁，高挑的旋转门背后，又是静谧而舒适的会客空间。整体墙面软包的设计，通过材料的温度传递给空间一种温暖。不同颜色的零星点缀，看似无序排列，却正如同业主的性格一般，开朗，极具活力。楼梯的另一侧是餐厅空间。胡桃木的餐桌台面与地面交相呼应，且餐桌台面本身的肌理花纹也经过巧妙设计，隐约却又不失细节。

另外，还有独一无二的室内泳池，配备尖端科技的同时，在空间氛围的营造上，设计师选用了与水面色彩相呼应的浅色调，用极其简约的手法演绎设计感：纯粹、低调。抽象的几何图案及略带现代中式感的壁灯，又灵巧地赋予空间平衡感。

漫步上三楼，则来到了完全属于业主自己的私人天地。蓝色衬托起整体主卧的高雅基调，二层客厅处壁炉的特殊裁剪设计却在此被赋予了别样的巧思，180度打开内部隐藏的电视柜终于初见端倪。而打开时的流畅性、闭合时的密封性也是 Thomas Dariel 对于从概念到最终实施落地的细节追求。同样，空间中把手的全部定制化处理、墙面金属线条的肌理设计，也完全体现了设计师对于细节的苛求。

来到主卫，洁白的大理石勾嵌古铜色金属线条，墙面纯意大利手抛瓷砖错落排布，外加 Thomas Dariel 亲自定制的梳妆镜，仿佛一群对于设计极致追求的匠人在空间中无形的对话，品质、美感无处不在。

男女人分开的衣帽间也是设计师的奇特妙想。为这纯属的私密又悄然留有一份空间。明朗深沉的是男衣帽间；柔和优雅的是女主人的衣帽陈列空间。外加为二人特别定制的家具及收纳空间，使得整个空间变得更加贴合业主的个性。 ▣
